

Swing Arm Knife Cutting Machine

CZ / P

FEATURES :

In the CZ / P, the work area is compact and ergonomic (1300 x 650 mm) and it is served by a cutting head mounted on a telescopic swing arm with axial rotation. This structure which was indeed inspired by swing arm clicking presses allows a complete accessibility of the work area that is unobstructed on the front and sides and has a rear pocket to accommodate the leather. The optional conveyor belt helps the movement of the material allowing an excellent flow of the work cycle.

Specification		Model : CZ / P	
Work area (W x L)	: 1300 x 650 mm	Resolution	: 0,025 mm
Maximum cutting speed	: 50 m / min	Power supply	: 400 V – 50 Hz
Maximum punching frequency	: 300 holes / min	Net weight	: 600 Kg
Maximum power consumption	: 8 KW	Dimensions	: 1750x1577x1664
